

Board Paper Number	05/01
Paper Title	DAPM 2014 Aide Memoire – ESH Actions
Date	24/01/2014
Session	Closed
Paper Presented By	Robert Midwinter, Director of Enterprise

Subject	Discussion Paper Only re Post DAPM Actions			
Background	<p>A number of points were raised during DAPM regarding the ESH Project, in particular means of improving communication, providing more effective business planning advice, and also ensuring that there is an appropriate supply of credit to the private sector.</p> <p>Discussions have already commenced with a number of local stakeholders, such as the Bank of St Helena, in relation to the actions ESH and others need to implement in order to address the points raised and it would therefore be timely for the Board and Senior Management Team to have dialogue on this subject, in order to ensure that operational matters being discussed with such parties fit with Board's view of the direction that ESH should be taking from a strategic perspective.</p>			
Proposal	No firm proposals are to be made at this time; specific proposals will be brought back to Board for consideration when developed further.
